CPVC Pipe, Fittings and Quality Bathroom Accessories

INTRODUCTION

We, "Mahadev CPVC Plast", are counted amongst the prominent manufacturers and suppliers of an extensive range of PVC Tubes and Hoses. Our range of PVC Tubes and Hoses is highly acclaimed for its durability, high strength and low maintenance.

The organization is engaged in manufacturing and supplying a qualitative range of CPVC Pipe Fittings. Entire range of our products is manufactured under the able supervision of our experienced staff. The features like corrosion resistance, high strength, accurate dimension and durability make these products the preferred choice of our clients. We offer our products in a number of standard and customized sizes, dimension and shapes.

We are well equipped with sophisticated machining and designing facilities, which helps us in efficiently meeting the application requirements of shipping, thermal, automobile and engineering industries. Our team of professionals further, keeps a tab on the latest market changes and specifications laid down by our clients.

Our mentors, 'Mr. Bambhaniya's, hold wide industry experience and knowledge in the field of plastic industry. Right from procurement of raw material to marketing the products worldwide, they guide us in every sphere of business. Their excellent organizational skills and implementation of latest market strategies have enabled us to make a mark for ourselves in this highly competitive industry.

All the products offered by us are known for their unmatched quality. Our products are manufactured under the strict vigilance of our quality inspectors, who ensure a flawless range to the clients. We are supported by a team of qualified professionals who are expert in manufacturing these products. These professionals work in close coordination with each other and complete their tasks with perfection and in allotted time. Furthermore, our professionals are familiar with latest technologies and use our resources in an efficient way. We have a well-built infrastructure which is equipped with modern machines that help us to manufacture bulk quantity in short time frame. Our warehouse is well capacious and is perfect to store our range in an organized and safe manner. We give utmost importance to our clients and thus do our best to satisfy them at highest level. Our products are also available in customized forms in order to suit the specific requirements of our clients. Clients can avail our products at affordable prices and in due time.

Mex chlorinated poly vinyl chloride (CPVC) pipes and fittings are manufactured from a specially formulated compound in accordance with Indian Standard IS 15778 & ASTM D 2846 specifications. These pipes and fittings are a perfect choice having many advantages over the conventional systems as they are corrosion free And resistant to most acids, bases, salts and halogens.

Applications

Channelizing hot & cold water supply & potable water in homes, apartment, hotels, commercial complex, Hospitals, gas & solar applications.

Features

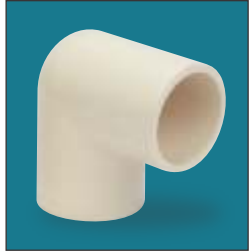

Various diameters & grades to suit different applications & conditions time tested operational life of 50 years Economical, maintenance free & easy to install heat efficient & lower installation cost Corrosion free & chemical resistant fire retardant hot & cold water compatible low thermal expansion Hygienic & environment friendly service temperature upto 90° c.
